COMMUNICATION

Good communication is the key to any relationship! Our tools so you know what's going on with the program:

1. **Tele Team Email Newsletter** with ConstantContact. It will be a bi-monthly publication. It will be emailed to those who provide email addresses on your registration forms, and print editions will be provided in the Competition Center office for those who do not have access to the internet. All of the Competition Center newsletters and information is color coded. Telemark color is **PURPLE**. All paper Tele Team correspondence will be on the right wall as you walk into the Competition Center office. The newsletter will contain program information, highlight upcoming events, provide competition schedules for those who choose to race, and provide any other pertinent information for skiers and their parents. **IF YOU HAVE PROVIDED YOUR EMAIL ADDRESS AND HAVE NOT RECEIVED A NEWSLETTER BEFORE DECEMBER 1, PLEASE EMAIL HELENA SO YOU CAN BE ADDEED.**

2. **Coffee with the Coach**. There will be two sessions of Coffee with the Coach, dates to be announced. These will be informal meetings between the parents and the Program Director, Helena Powell, outside Coffee and Tea Market in the Balcony House. We will meet after the skiers and coaches leave the base area to go out for the day. Comments, questions, and concerns will be addressed on skill development, general program and competition information, and anything else under the sun. (you may even learn some secret powder stashes!) This is not mandatory by any means, but it is a good forum to share ideas.

3. **Athlete Evaluations**. Coaches will again fill out two Athlete Evaluations for the season. The first one will be given out at the Parent/Coach/Athlete meeting in January, and the second will be a full season evaluation given to participants the last week of the program. The January meeting will be held at the end of the ski day so parents and coaches can all be on the same page as to where their skier's skill development is heading, and how daily fun activities benefit this path.

Additional comments, questions, concerns? As always, there is an open door policy all season for questions and issues in the Telemark Program. Send any emails to hpowell@skiwinterpark.com.

Which website does what?

The Team Winter Park website at www.teamwinterpark.net is your best source of information. The Team Winter Park website is for members of the Competition Center only. This website requires a log-in which is emailed to you when your registration is processed. Contained in this website is Competition Center news, an interactive and color coded calendar, sign-ups for events, articles, photos, and more! Check it out today!

Our other website www.wpcompcenter.com will still be up and running as well. This site is mainly for general program information. If you have any questions or concerns about the websites, please email Helena at hpowell@skiwinterpark.com.

Skier separated from the group

We all know it happens from time to time: Coach turns left and an athlete goes right. Our protocol for the skier who is lost:

1. Find the nearest lift shack and inform the lift operator you are in the Comp Center, your group is lost, and who the coach is
2. The lift operator (or ski patrol) will inform the Comp Center office
3. Your coach or another team coach will come get you where you are
4. Go play on the mountain again.

Parent Kahunas

Are you a parent of a Comp Center athlete? Do you want to be able to ski everywhere your kids can? Are you a good skier, but not quite ready for a Masters program? Kahunas is for you! Kahunas is the parent ski coaching you have been looking for so you can match your child's skills! The program fee includes a season pass and four days of coaching from our expert staff and guest coaches. If four days isn't enough, you have the ability to purchase additional sessions for just \$50 each. This program runs from January 1, 2011 to February 6, 2011 and there are six weekends available for coaching. There will be a free trial day December 18th and 19th, so come join us to see if the Kahuna program or WPSP are right for you. All skill levels are welcome!

NEW THIS SEASON!!! KAHUNAS MASTERS!

Are you looking for a multi-week program that focuses on improving your overall skiing abilities? Step up your skiing with the new Kahuna Masters program! With 11 weeks of coaching you'll watch your technique improve all season long. This will be an enjoyable program for any adult skier interested in elevating their skiing to the next level or who has some interest in alpine, freestyle or telemark disciplines! The program will also introduce participants to the other adult opportunities available to them in the Competition Center and give them the confidence and skills to join our Alpine or Freestyle Masters programs, if they so desire.
