

# BONUS NIGHT TRAINING AT ECHO 2009/2010 SEASON

Night training with Comp Center coaches at Echo Mountain for Front Range racers.

*Thanks to the great partnership with Echo Mountain, the Winter Park Competition Center is pleased to continue Wednesday and Thursday night race training on the Front Range for any USSA or high school racer. Echo Mountain has excellent terrain for skill development and a great training lanes for slalom and carving drill courses. The hill is set up for fast turnaround, ample room above the training lane to practice, and a good length lane for gate training. Best of all, Echo Mountain is well lit at night and is just minutes from Evergreen. Now Front Range skiers can get the on-snow time of a full-time program without having to live in the mountains.*

About Echo Mountain:  
Just 12 miles up the road from Evergreen. Over 600 vertical feet of skiing. Training hill is FI70. Lodge has free wi-fi for waiting parents! Snowmaking on all trails for a reliable snow surface.
