

# Adult Racing - Alpine Masters Program 09/10

#### Training schedule:

Training is on Fridays, Saturdays and Sundays, starting on November 21 and ending on March 21. Training goes from 9:00-1:00. Our holiday speed camp Dec 27-31 is available to the Masters unlimited program and as an add-on for 1-day a week Masters (drop-in not available for this camp). Unlimited program members can X-train with freestyle Masters any time at no cost.

***The Alpine Masters program offers adults the opportunity to improve their skiing skills and their racing skills while having a great time. It's never too late to start out, or to get started again. Your new side cut skis are almost begging to run in courses, making racing more fun than it's ever been. For parents with children in the alpine program, skiing with the Masters is a great way to get to know the sport your kids are enjoying. Gate training will improve your all-around skiing skills. In the Masters program, skiers may choose to train up to five days per week through the season, or sign up on a day-by-day basis. We will work with your schedule. Sign up for the season and get a season pass to Winter Park's NASTAR for bonus gate training opportunities!***

#### Program fees (before Oct 15):

\$950 1-day a week (you choose which day)  
\$1,350 unlimited masters training sessions  
Includes coaching, Winter Park season pass, on-line video, and a Winter Park NASTAR season pass. Unlimited program includes a ski locker and free cross-training with Freestyle Masters. Single day drop-in rate \$50/day, registration and discounted lift tickets available at Competition Center office in Balcony House base lodge.

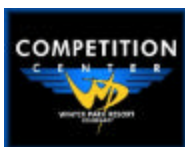

#### Equipment requirements:

Any modern sidecut ski will help you execute the skills we are teaching and feel the carve we are seeking. Helmets required for all gate training.

#### Racing with the Rocky Mountain Masters:

Stoke your competitive fire or just enjoy the camaraderie on the Rocky Mtn Masters adult racing circuit, with races all season long. Sign up for one race or the whole series. For all the info go to [www.rmmskiracing.org](http://www.rmmskiracing.org).

*Inspiring life-long enjoyment of sport.*
